

Amendment #2
State of South Dakota
FY24 Edward Byrne Memorial
Justice Assistance Grant (JAG) Program
15PBJA-24-GG-04287-MUMU

The State SAA would like to request a budget modification to the FY2024 Byrne Jag Grant. The original priorities of the funding haven't changed.

The following is our request for approval of a purchase for the SD Highway Patrol. Information includes the original budget, modifications to date, and our justification for the current amendment/request:

South Dakota Highway Patrol: \$154,816

The South Dakota Highway Patrol is a rural state police agency responsible for the enforcement of law and protection of people. Our allotted 208 State Troopers are required to respond to threats from modern arms. Nearly all the issued patrol rifles are federal property M16 rifles manufactured in the Vietnam era over 50 years ago.

Our firearms instructors and cadre have dedicated over a year of testing and evaluating a modern rifle capable of responding to today's threats carried by today's State Trooper. The selection balances effective accuracy, firepower, range, price, maintenance, and training cost. The cadre selected the following as our next patrol rifle platform:

- Sionics Weapon systems SAR-15 12.5 inch
- Primary Arms SLX 1-6x24mm SFP Rifle Scope
- Ruffs precision Delta series Cantilever mount
- Streamlight ProTac HL-X, USB, Rifle rail mount light
- Vikings Tactics street fighter sling
- Magpul PMAG Gen M3 5.56 30 Round Magazine

The Highway Patrol is looking to replace the issued patrol rifle with the above rifle platform. The project has been procured through a formal bid process through our state procurement office. One procurement bid of \$2,359.95 per rifle platform was received matching our request. A full agency replacement is not built into the current budget since guns typically have a long life span. With a Byrne Jag grant award of \$154,816 we could purchase 65+ patrol rifles, and we plan to use additional funding available in the 2023 grant award to purchase additional rifles as well.

Attached is a copy of the formal bid and the tally sheet.
